

First Baptist Church

Making His Name Known

To whom it may concern

I would like to take this opportunity to write a letter of recommendation for Angie Reno. Angie and her family have been members of Early First Baptist Church for several years and is there almost every Sunday. She also is very involved in her community. Angie has been through many things in her life and really feels the Lord has been faithful to see her through it all. She feels led by the Lord in a very strong way to share her experiences with others. I really believe her testimony will touch the hearts of those going through difficult days. I pray the Lord will use her in a great way.

In Christ,

Eddie Ailshie

Pastor of Early First Baptist Church.
